

ASAP Report 2016 – 17

During the academic year 2016-17, Government College, Attingal conducted two skill courses along with the Foundation Module on the auspices of ASAP. They include:

**(1) Certificate course in Meeting Conference and Event Planner
(162 Hours)**

**(2) Certificate Course in Technical Support Executive Non-Voice
(175 Hours)**

During the academic year 2016-17, fourteen students from our college enrolled for these courses and successfully completed the same.

OBJECTIVE OF ASAP's FOUNDATION MODULE:

- This course intends to help learners overcome their inhibitions in using the English language, to identify their strengths and develop abilities and aptitudes that are essential for successful social interaction and employability. It introduces students to some of the key aspects of Personal Skills, alternatively known as Life Skills.
- Provide the means for an individual to be resourceful and positive while taking on life's vicissitudes.
- Development of one's personality by being aware of the self, connecting with others, reflecting on the abstract and the concrete, leading and generating change, and staying rooted in time-tested values and principles is being aimed at.
- To enhance the employability and maximize the potential of the students by introducing those to the principles that underlay personal and professional success, and help them acquire the skills needed to apply these principles in their lives and careers

COURSE OUTCOME:

After the completion of the course the student will be able to

- Define and Identify different life skills required in personal and professional life.
- Learn the basics of teamwork and leadership
- Develop an awareness of the self and apply well-defined techniques to cope with emotions and stress.
- Develop interpersonal skill, problem solving skill, presentation skill, communication skills and Enhance creativity skills.
- Explain the basic mechanics of effective communication and demonstrate these through presentations
- Learn to apply appropriate thinking and problem-solving techniques to solve new problems.
